Reflect on the Question

Analyze the Data

Draw Conclusions

Primary Research Question

How many of the cyclists were students, how often did they ride, and what was the average distance they rode?

(5/5 points)

Write Your Conclusion

Congratulations! You have made it to the final part of the lab. In this final section, you are asked to write an **answer** to the lab question, using the **results of your analysis** as support. We will provide you with a template of what that answer should look like. You just need to fill in the blanks.

In this lab, we examined data on student riders. Most of the student riders (a total of out of) rode their bikes . On average, the students rode about miles on each trip.
